Direct Electric Random Orbital Sander

WITH BRUSHLESS MOTOR

- ◆ JESON's Direct Electric Random Orbital Sander is a new upgrade developed professional sander.
- ◆ This sander is lightweight and compact, easy to use. The brushless DC motor offers efficient, reliable power and also energy saving at the same time.
- ◆ This sander is equipped with convenient detailed adjustable speed function, and also Intelligent Load Detection System. Intelligent Load Detection System will detect loading situation of motor while using and adjust speed and torque anytime.
- ◆ This optimized ergonomic and low profile design enable comfortable grip and stay close to all kind of surfaces, helps maintain easy and highly efficient sanding performance for long time using. In combination with JESON's professional vacuum cleaners offer highly efficient and dust-free sanding performance.

Accessory

- 1) Dc Power Cord (4M) *1pc
- 2) Wrench*1pc
- 3) Adapter For Tool (Φ25mm) * 1 pc

Model	Sander Type	Voltage (V)	Motor Power (W)	Speed (R.P.M.)	Orbit (mm)	Pad Size (mm)	Weight (kg)	Measurement (mm)
SHA56/SLA56	Central Vacuum	220-240/100-120	350	2000-10000	5.0	150	0.9	251*150*94
SHA86/SLA86	Central Vacuum	220-240/100-120	350	2000-10000	8.0	150	0.9	251*150*94
SHA36/SLA36	Central Vacuum	220-240/100-120	350	2000-10000	2.5	150	0.9	251*150*94
SHA55/SLA55	Central Vacuum	220-240/100-120	350	2000-10000	5.0	125	0.9	238.5*125*94
SHA33/SLA33	Central Vacuum	220-240/100-120	350	2000-10000	2.5	76	0.74	214*76*94
